

CAVALLUNA

PASSION FOR HORSES

PRESS RELEASE

Through Space and Time with the “Companions of Light”: CAVALLUNA Celebrates its Anniversary

25 years full of passion, great stories and unforgettable moments: Europe’s biggest horse show celebrates its anniversary in 2027 and, with the programme “Companions of Light”, transports the audience into a world full of magic, adventure and heartwarming encounters.

The show’s history began around 25 years ago under the name APASSIONATA in Berlin. The idea was to introduce a wide audience to the fascination of horses and the diversity of horse breeds. Over the years, what started as a classic variety show evolved into a unique work of art, which was given the new name CAVALLUNA in 2018. “Cavallo”, meaning horse, and “luna”, meaning moon: the name perfectly embodied what the show is all about – a passion for horses and the magic of storytelling.

Today, CAVALLUNA stands for emotional show productions in which all elements blend together to create a magical experience. Equestrian artistry of the highest calibre meets dance and acrobatics, moving music meets spectacular lighting design, and fantastical costumes meet elaborate stage designs. But the core of the show remains unchanged: the special relationship between humans and horses, underpinned by trust, harmony and mutual respect.

“Companions of Light” masterfully combines this passion with an inspiring story. At the heart of the tale is the young Alana, who must embark on a mysterious journey through space and time. Her path takes her through different countries and eras, where she must seek out the legendary Companions of Light. Only by uniting their inner powers in herself can Alana fulfil her destiny and save the world from cold and darkness.

Alana’s adventure is also celebrating an anniversary: the story first went on tour in 2017/18 and remains one of the most popular shows of all time. To mark its tenth anniversary, it is now coming back to the stage – as a successful blend of nostalgia and modern interpretation. Audiences can look forward to fascinating show scenes, breathtaking equestrian artistry, expressive dance choreography and spectacular show effects.

CAVALLUNA is celebrating a quarter of a century full of emotion whilst also looking ahead – to new stories and unforgettable experiences. “CAVALLUNA – Companions of Light” will embark on a European tour from October 2027, inviting audiences to discover the magic of light.
