

## PRESS RELEASE

### **CAVALLUNA – “Secret of Eternity”: The story of success continues**

Due to the months of uncertainty in the context of the global pandemic, various programs of Europe’s most popular horse show CAVALLUNA had to be postponed, including the show “The Secret of Eternity”. But with a lot of organizational effort, a new start date could be found: CAVALLUNA - “Secret of Eternity” will be guesting in more than 30 cities in Germany and Europe from October 2022! Unfortunately, the start of this program, which was actually planned for October 2020, had to be postponed to autumn 2022 due to the nationwide Corona measures. But now the whole team is already looking forward to astonish the audience with this new and breathtaking show.

The beautiful story arises from the pen of the Emmy-nominated composer and creative director Klaus Hillebrecht, who knows how to captivate the audience in an inimitable way. The symbiosis of the highest level of horsemanship, extraordinary artistic performances, beautiful scenes, colourful costumes and emotional music creates fantastic worlds that fascinate young and old alike and invite you to dream. The core of all CAVALLUNA shows is not lost sight of in “Secret of Eternity” and can be felt by the audience up to the last rows: the deep connection between man and horse.

The interaction of a total of 60 horses, their riders and an international dance ensemble will entertain the audience with a wide variety of riding skills and spectacular show acts: The popular trick riders of the Hasta Luego Academy from southern France inspire with daring stunts on, next to and under the horse, the cute mini Shettys by Bartolo Messina from Italy will melt the hearts of young and old within seconds and the teams around Luis Valença and Filipe Fernandes from Portugal shine with precise presentations of classical dressage. The team of Sebastián Fernández, a master of the Doma Vaquera, will skilfully showcase the traditional riding style of the cattle herders in the new show “Secret of Eternity”! You can also look forward to the talented freedom artist Sylvie Willms and her colorful herd of horses, the action-packed Hungarian Post by Laury Tisseur and many more surprising moments.

“Secret of Eternity” tells the adventure of the indigenous woman Mamey from the Guyavos tribe and the shepherd boy Joaquim, who lives at the other end of the country. Both of them go on an exciting journey through Central America, without being aware of each other’s mission: To bring the legendary Stone of Eternity back to its place of origin. On their way they meet Arturo, the power-obsessed leader of the Cocorochos, who wants to steal the mighty stone for his own purposes, and have to face many other dangers on their way through the wild land ... Will they be able to stand up to Arturo and to bring the Stone of Eternity back to the Guyavos in time? Immerse yourself in an exciting adventure with CAVALLUNA – “Secret of Eternity” and experience spectacular horsemanship against the backdrop of beautiful exotic landscapes with colorful villages, turquoise coasts, tropical forests and archaic temples.
