

SCHOOL GROUP OFFER

EQUILALAND

Discover new things and get active together while you learn – all this is possible at EQUILALAND's world of horses, the only one of its kind around the globe. While visiting the interactive attractions, educational learning themes can be playfully presented and clearly communicated in an entertaining way. For instance, there is an entertaining and informative talk on horse anatomy at the Kids' University. The knowledge acquired can then also be tested with an exciting quiz. A visit to EQUILALAND fits perfectly with the biology, general and environmental studies curricula for lower and middle schools.

EQUILA

EQUILA LAND

SCHOOL GROUP OFFER

EQUILA

EQUILA is a magical mix of touching encounters, impressive riding displays, breathtaking acrobatics and a moving story. No other show combines music, dance, artistry and horse-riding skills in such a unique way. What makes the new SHOWPALAST MÜNCHEN particularly special is the experience of being right at the heart of the action. Never before has the audience been so close to the actors on stage. Never before have the acts felt so intense.

Here, the latest theatrical technology meets design inspired by nature. A massive video screen and spectacular projections help create all kinds of visual worlds and break down the barriers between the audience and the action on stage. The show and audience combine to form a single 'experiential space', where goosebumps are guaranteed.

A special experience for the whole class!
