THE EVENT VENUE FOR ALL THOSE WHO LOVE HORSEPOWER.

A TRULY GRAND STAGE FOR CAR PRESENTATIONS

Present your vehicles in a space that suits them down to the ground. The SHOWPALAST MÜNCHEN has a visible stage area of 900 square metres, Europe's biggest LED wall and four drive-in entrances. This is where your presentation is transformed into an impressive show.

Use our sophisticated stage engineering to show your models at their best, and allow your guests to enjoy the exclusive ambience. Creating a great impression can be so easy!

LEAVE A LASTING IMPRESSION

The theatre has an indoor auditorium for up to 1,700 people. The 20 rows of steeply tiered seating in the over 17-metre-high auditorium create a unique proximity to the stage. The borders blur between stage and auditorium – guests get a unique sense of being right in the middle of it all. The Gauze – a subtly transparent stage curtain onto which content can be projected – allows grand openings, intervals to be inserted into the show and discreet scenery changes.
